Cruising Speed

The Hawker has long been one of the most charter-friendly aircraft due to its combination of comfort, range, and efficiency. The Hawker 800XPi possesses luxury and functionality in a long-range Mid, offering the largest cabin in the midsize class. Configured with generous 8 passenger seating, the 800XPi features stand-up headroom, upgraded avionics, increased baggage volume and usability along with sleek LED cabin lighting. For business or leisure, enjoy the Hawker 800XPi for the ultimate experience of quality and style.
